Our Projects

Client Showcase

EL MAESTRO

We partnered with El Maestro to design and develop a website that effectively translates their chocolate brand identity into a dynamic online experience. Through close collaboration, we identified key business objectives and target audience needs, crafting a digital strategy that prioritizes user engagement and measurable results. The resulting website features intuitive navigation, responsive design for optimal viewing across devices, and a robust content management system.

Chayeb Bakery

Create a website that showcases their delicious food offerings and simplifies the ordering process. Through collaborative discussions, we identified key user needs, focusing on high-quality food photography, easy navigation through menus, and a streamlined online ordering system. The resulting website provides a visually appealing and user-friendly experience, enabling customers to easily browse dishes, place orders, and connect with Chayeb Bakery.

Hopital Francais Du Levant

We revitalized Hopital Francais du Levant's digital presence by uplifting their website and implementing a dynamic social media strategy. The website upgrade focused on improving user experience through enhanced navigation, responsive design for mobile devices, and updated content. Simultaneously, we developed a targeted social media strategy to increase engagement.

Our Projects

Client Showcase

Shyping

We provided Shyping with a complete digital solution, encompassing branding, web development, mobile application development, and social media management. We designed a modern logo and defined a clear brand voice to establish their identity. This was followed by the creation of a responsive website, a native mobile application for both iOS and Android platforms, and the implementation of a social media strategy.
